REPORT

An interactive session on “Basics of Intellectual Property Rights and Its Importance for Innovations and Entrepreneurs” was conducted on **13th October 2025**. The session was organized to create awareness among students and aspiring entrepreneurs about the fundamental concepts of Intellectual Property Rights (IPR) and their significance in promoting innovation and protecting creative ideas.

The resource person, **Mrs. P. M. Shanas Fathima**, an Advocate at the High Court of Chennai, shared valuable insights into various types of intellectual property such as patents, copyrights,

trademarks, and designs. She explained the procedures involved in registering intellectual property and discussed real-life examples of how IPR helps innovators safeguard their creations and gain a competitive edge in the market.

REPORT

The Department of Computer Science and B. Com (CA), in association with the Internal Quality Assurance Cell (IQAC) and in collaboration with ICT Academy, organized a four-day academic programme from 08 December 2025 to 11 December 2025. The programme aimed to enhance the knowledge and skills of students and faculty members in emerging trends in Information and Communication Technology (ICT). Mr. Anand S., Relationship Manager from ICT Academy, served as the resource person for the event. He delivered insightful sessions focusing on industry expectations, digital skills, career opportunities in the IT sector, and the importance of technology integration in education.

Name of the Event: Rep Nexus'26

Venue: BSC Lab, DB Jain College.

Date: 23.01.2026

REPORT

The meeting was conducted to bring together student representatives and discuss important academic activities, departmental initiatives, student responsibilities, and future event planning. The session aimed to strengthen communication between students and the department while encouraging leadership and teamwork among representatives.

The program began with a welcome address by the faculty coordinators, followed by an introduction to the objectives of the meeting. Key topics such as student participation, discipline, academic coordination, event management, and suggestions for departmental improvement were discussed during the session.

REPORT

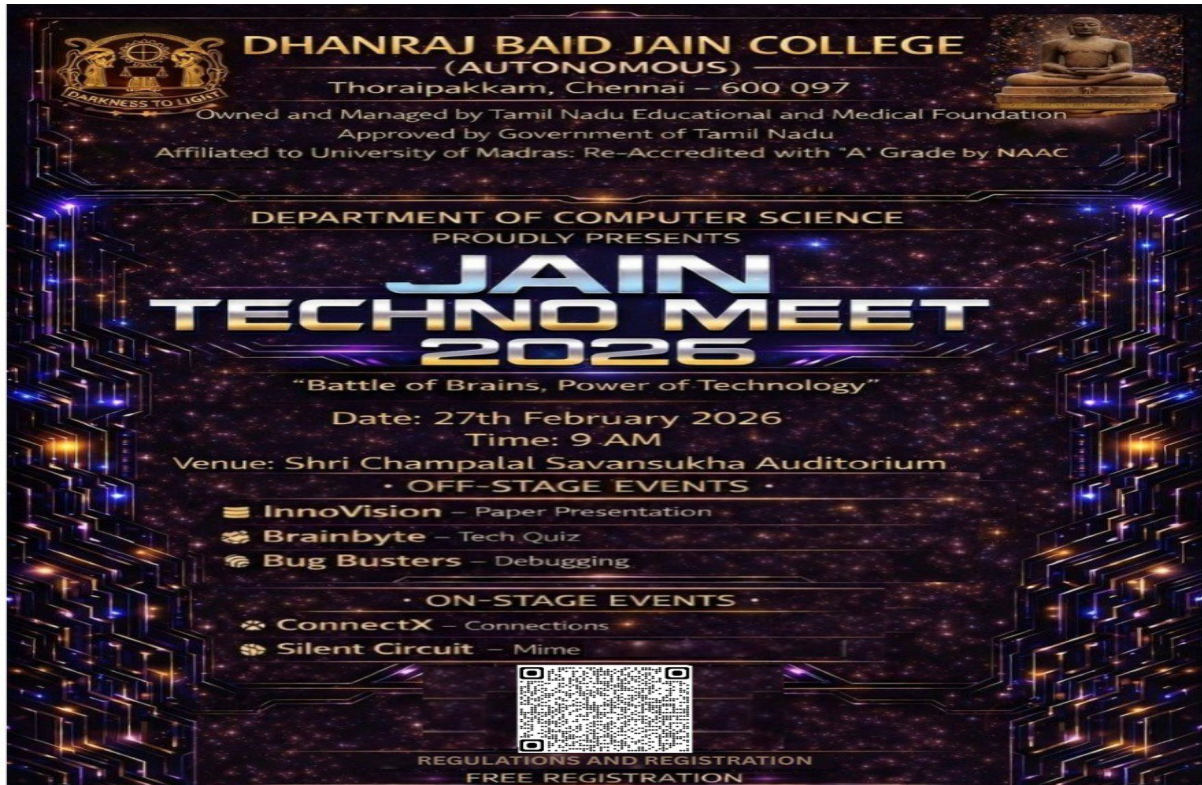

During the meeting, mentors interacted with parents and students to review the students' academic achievements, attendance, behavior, and participation in co-curricular activities. Faculty members provided valuable suggestions regarding **study habits, career planning, and skill development**.

Parents were also encouraged to share their feedback and concerns regarding their children's academic performance and well-being. The open discussion helped in identifying areas where students required additional guidance and support.

Name of the Event: Inter-Collegiate Jain Techno meet

Venue: Shri Champalal Savansukha Auditorium, DB Jain College.

Date: 27.02.2026

REPORT

The Department of Computer Science at Dhanraj Baid Jain College successfully organized an Inter-Collegiate Jain Techno Meet with great enthusiasm and participation. The event aimed to provide a platform for students to showcase their technical knowledge, creativity, and problem-solving skills.

The techno meet witnessed active participation from nearly **25 colleges** with around **200 students**, making it a vibrant and competitive academic gathering. Students from various institutions came together to exchange ideas and demonstrate their talents in different technical domains.

All the events were conducted smoothly with enthusiastic participation and healthy competition. The judges appreciated the creativity, knowledge, and presentation skills displayed by the students.

The techno meet was a grand success, providing a valuable learning experience and fostering interaction among students from different colleges. It also helped in enhancing teamwork, communication skills, and technical exposure among participants.
